The product "Swiss Voting System Report" consists of samples, guidelines, tables, and cost calculations. The Swiss Voting System Report shows how an electoral system could be up to 10 times cheaper. In easy to read texts and figures, the report explains all the processes of an election including paper ballot design, vote tabulation, cost calculations, and proper transmission of election results. The guidelines are enriched with facts, figures, examples and facilities for implementation. Included with the report is one year of free updates and access to much more information in the customer section of our website. All this makes the Swiss Voting System Report a must for every election official.

- We herewith order the Swiss Voting System Report for the amount of US\$ 490. Included in this price are all updates for one year, and access to a special customer section, on the internet (www.SwissVS.org) with more information. Payment practice: Payment 20 days after receipt by check or wire transfer.
- We are interested in your consulting, please contact us.
- We are interested in using your logo "Swiss Voting System – Freedom of Voting®", please contact us.

I, the undersigned,

representing

hereby agree, for myself and my employer or principal, as follows:

1. Without the written consent of Swiss Voting System – A Privately Held Company AG (hereinafter "SwissVS"), I will not disclose to anyone or make public or authorize the disclosure or publication of any trade mark right or protected data or information relating to the "SWISS VOTING SYSTEM REPORT" which I may obtain by reason of discussions with SwissVS on the date indicated below or thereafter.
2. I am permitted to use the data and information for internal requirements only and to enhance our voting and election processes.
3. I agree to not use the Name or Symbol "Swiss Voting System Freedom of Voting®" without expressed permission and consent of the owner.
4. This contract is subject to the Swiss Law.
